GENERAL BUSINESS

Item	Description	
2	Resignation of Clubs Officer	
	Preamble: Jingyu Chen's resignation letter has been received on the 26th August. The Executive formally accepted this resignation.	
	Motion SC 21.9- 2	
	MONSU Student Council moves by special resolution to fill the Clubs Officer vacancy through the process of the Annual Election.	
Moved: Georgia Bradica	Seconded: Maxi Hunt	For: all Against: Carried: Unanimously

Discussion:

According to the C37.8, "The Student Council must by special resolution determine the procedure for election by filling the vacancy."

Maxi mentioned that there is no point opening up an application process and voting to appoint someone when we will have a successful candidate to fill the position in the next week.

As such, the Student Council concludes that the most appropriate process for filling the vacancy is through the process of the Annual Election.

4	Green Team at Monash		
	Preamble:		
	Motion SC 21.9-		
	Moved:	Seconded:	For: Against: Carried.

Discussion:

Anna spoke to this.

A student voiced their concern with Anna regarding MONSU's "lack of environmentalism". Anna has since passed the feedback onto the Green Team and whilst MONSU is actively working to reduce its impact on the environment and lead the way for MSOs, we recognised that there was work to do by way of communication, transparency and advocacy.

Council then watched a Green Team video of their presentation at a Monash Sustainability Meeting.

This video outlined the different initiatives and programs MONSU is currently undertaking.

Lyn joined the meeting at 12:30pm as an observer.

Action Items:

Anna circulated Green Team video for reference.

GENERAL BUSINESS

Item	Description	
2	Annual General Meeting	
	Preamble: MONSU needs to pass its financial reports at an AGM, in line with the ACNC regulations. This meeting was originally held in May pursuant to clause 16.1 of the MONSU Caulfield Constitution however quorum was not reached. The date for this AGM is to be confirmed during Council.

	MONSU Student Council moves to convene an Annual General Meeting on October 4th at 2pm.	
Moved: Hannah	Seconded: Harvey	For: all Against: Carried: Unanimously

Discussion:

Lyn and Anna agree that holding the AGM after exams allow the Comms team enough time to properly prepare notice and so on.

Julia is unable to make the 10am time slot. Council arrives at the conclusion that 2pm is best.

Action Items:

Item	Description	
3	Election Regulations	
	Preamble: These updated Election Regulations have been approved by the MONSU Caulfield Returning Officer.	
	Motion SC 21.8-3	
	MONSU Student Council moves to pass the MONSU Caulfield Election Regulations as attached, except 38.1.	
Moved: Tiana	Seconded: Julia	For: All Against: Carried: Unanimously

Discussion:

Anna notes that her use of “approved” in the preamble is not accurate and states that the RO simply cited these Election Regulations and consulted with her on a couple of changes. Anna also asks for removal of all mentions of 2021 from these minutes in relation to Election Regulations, citing that these are not just for 2021 despite being amended in 2021. The regulations should be utilised each year, not just for the 2021 Election.

Additionally, Anna highlights concerns raised by Daniel Stonehouse regarding their perceived conflict of interest with how 38.1 is drafted. Accordingly, Anna states that while she doesn't share this perception, she suggests rewording this to ensure these concerns are addressed and the sentiment of electoral integrity remains while ensuring it is known that the regulation applies to all past teams and tickets from MONSU elections past. As such, the acceptance of the reworded 38.1 is moved to a new motion below, to be voted on separately.

Daniel asks Council to clarify how harassment will be avoided with the re-introduction of tickets given that previous elections have unfortunately involved on-campus assault, to which he has personally been subject, and students feeling intimidated. Maxi states in response that while this is incredibly unfortunate, she is confident that the decision of past Councils to move voting online will mitigate this entirely. Anna echoes this sentiment.

Alyssa asked whether front page voting for tickets will disadvantage individual candidates. Maxi states that by virtue of students being engaged in the student politics space, voting members will likely have spoken with the candidates they intend on voting for and will therefore understand that there is the option to vote for these candidates. Additionally, Anna stated that although the term is front page voting, we aren't sure what this will look like through an online voting system and all the candidates, belonging to a ticket or not, may actually appear on the same screen. We will confirm this when we can.

Daniel asks about the election timeline and potential disadvantage given that the regulations outline ticket re-registration opening 5 weeks before the election, this date having already passed. Anna states that given there were no tickets last year, this regulation is not relevant to the 2021 election. Instead, only ticket registration is applicable which fits with the timeline.

Action Items:

Lyn notes that MSL have not confirmed their ability to accommodate the reintroduction of tickets and ticket-voting and that this must be followed up immediately.

Item	Description
4	Election Regulations
	Preamble: To reflect change in wording. This regulation refers to Preference in Ticket Registration and is not transitional.
	Motion SC 21.8-4
	MONSU Student Council moves to amend 38.1 of the Election Regulations to read as follows: A student who ran for election under a ticket or common name

	in any previous MONSU election takes precedence in registering that ticket name for a MONSU election subject to regulation 18.3.		
	Moved: Hannah	Seconded: Bridy	Abstain: Alyssa For: All others present Against: Carried.

Discussion:

Alyssa asked how voting ballots would be managed so that students who are not women, not queer and not a person of colour don't vote for these positions. Lyn states that these positions are voted on separately to ensure this doesn't happen. Anna states that it will likely look similar to last year, that it is a top priority of MONSU to avoid this happening.

Action Items:

CONFIDENTIAL BUSINESS

OTHER BUSINESS

Green Team Competition

Maxi speaks to this. The Green Team is leading an initiative for staff and reps to be working hard on sustainability while at home. This will be a competition whereby those competing log their sustainable behaviour such as using reusable grocery bags or recycling in Basecamp. The winner will receive a sustainable prize such as a keep kup.

Anna commends Maxi for her work in the Green Team.

Vaccine Campaign

Anna speaks to this. The Crisis Management Team are working with Comms and Creative to develop an informative campaign letting students know what their vaccination options are. Sylvia, Wendy and Julia will join Anna in determining the options available to our onshore international student cohort.

Constitution Updates

Anna states that a student has raised concerns with the University relating to Council's compliance with the Constitution. These concerns were mostly procedural issues such as notice of meetings and availability of documents.

In the process of responding to these, Anna notices that following the Constitution being changed in 2020 there are anomalies between the explanatory memorandum and the approved Constitution of which we now operate.

She will follow this up with Lyn with the view to seek legal advice.

Internal Items
Student Engagement & Advocacy
Key Activities:
<p><u>Academic Safety Net Campaign</u> Alongside the MSO Presidents and the Academic Board student representatives, MONSU has been running a campaign to lobby for the reinstatement of the Satisfied Faculty Requirement (SFR) provision of the Academic Safety Net. The want and very real need to have this element of the compassionate grading policy reintroduced was felt across the campuses and the world. The global issues facing our students are still impacting study and mental health. As such, we worked together to contact all Academic Board members and tell them what students are telling us; that they still need SFR. We are excited to say that the Board listened and SFR will return for Semester 2 and associated teaching periods.</p> <p><u>General Engagement</u> The past month has been a struggle with the new lockdown. Finding motivation is incredibly difficult however I know that for students, the lack of social life and engagement is taking its toll. I have been trying to maintain strong club engagement through meetings and discussions with Executives about plans and ideas for the remainder of Semester 2 and the coming year. As I come to the end of my tenure, I will be passing on this valuable information to the next team. Additionally, I have been working to engage with students on online platforms such as Facebook to ensure they have awareness of MONSU and the services we provide.</p>
